portfolio : https://dharshanvportfolio.netlify.app/

Results-driven full stack developer with experience in web/mobile development, database integration, and UI/UX design. Passionate about delivering high-quality digital experiences with scalable, maintainable code. Skilled in both frontend and backend development.

EXPERIENCE

White and Box - Full Stack Developer Intern (offline) - BENGALURU   **Jun 2025 - July 2025**

- Worked on two real-time projects: a personal blog website and an internal room management system using PHP, MySQL, XAMPP, and Tailwind CSS.
- Built responsive UIs, implemented backend logic, and handled database operations.
- Gained hands-on experience in full stack development, debugging, and real-world deployment practices.
- Improved skills in frontend design, backend scripting, and team collaboration.
